

Special Bonus Gift

Wings Unfurled Angel Meditation Album

As a special bonus gift for attending this program, you'll receive Lorna Byrne's downloadable *Wings Unfurled* meditation album featuring four deep meditations to help you connect with your angels.

In these four meditations, Lorna helps those of us who don't see or hear angels as she does to connect with our own guardian angels.

The following four meditations are included:

1. Feel the presence of your guardian angel, start to hear it call you, and learn what message it has for you today. (22 minutes)
2. Take a walk with your guardian angel through your life to date and recognize the times when your guardian angel has been helping you. (22 minutes)
3. Invite the healing angels into your life. (10 minutes)
4. Go on a journey with your guardian angel to help you reduce stress and feel more joy in your life. (15 minutes)

PLEASE NOTE: This bonus gift will be emailed to you after the program takes place in August.
